## Report

### Introduction

We are thrilled to announce the official opening of Wellspring Community Library in Bweyogerere, Kampala Uganda; with over 2400 books available this is a great resource for the local community, Wellspring Nursery, Primary and International Secondary school.

### Logistics

Books to Africa helped to provide a variety of books ranging from children's stories, classical literature, romantic and comedic novels to law, sociological and medical books.

## **Impact**

Wellspring community library is already being enjoyed by members of the local community and is proving to be an excellent place for people to appreciate the quality space to enjoy reading. We aim to encourage a love and culture of reading helping to develop higher literacy levels in the local community.

## **Conclusion**

We would like to Thank Books to Africa for gathering this great resource together, the team at Nettle Hill who raised the money to allow the books to be shipped from the UK to Uganda and Neighbours to Nations who sponsored the bookshelves to be created. All of this as helped to create an excellent library, one of a kind in Bweyogerere, Kampala.
