**Are books similar to ones you received available from your local book stores?**

Yes

£ 14.00

**Please describe where and how you normally acquire books prior to finding out about Books2Africa**

Donations from local people, buying books from second hand shops, appealing to wealthier schools for secondhand books.

**Has Books2Africa's support enabled your project to achieve its objectives?**

Yes

**How did you receive your books?**

Shipped from UK Office

**Please summarise the process and costs of clearing your shipment at the port, as well as your clearing agent and required documents if applicable.**

I eventually handed the process over to a colleague of mine, as the process was incredibly complicated and stressful and I didn't have time to handle it while trying to manage all the programmes I was running at the time. I'd not anticipated the costs we'd have to incur to have the items cleared. This was very stressful, trying to manage the sponsor's expectations and the reality of the situation. Books2Africa eventually agreed to sponsor the process because otherwise we'd not have been able to go through with it.

**In total, how much did you spend on clearing and haulage? (enter the equivalent in £)**

I don't know what it cost in the end.

**Please provide the names of any sponsors you would like to be acknowledged for funding the costs of this project (Include their website if possible)**
