**Please summarise why your organisation or project needed books and/or computers.**

After volunteering in the school, another volunteer and I raised funds to build a junior school room and my friend built a community library and she got electricity connected so I raised funds for 1,000 books which are yet to be received and 3 computers.

**Please summarise what the impact of the books and/or computers received from Books2Africa has been.**

I noticed that computer literacy was being taught only using a black board, with no text books or computers. Now the school have computers to use within the library they will have first hand experience of what they are learning in the class room. The deputy head teacher from another nearby school also asked if he could use the computer for help with his school records so the whole community can now benefit as well as the school.

## IMPACT ON LEARNING

### How are students/learners given access to books/computers?

- Library access
- Class/Lecture room access

### In what ways have the books/computers been useful for students/learners?

- Improved attitudes to learning
- Improved overall academic performance
- Improved attendance/engagement

### Please describe how the books/computers have impacted students/learners attitudes, performance, attendance/engagement etc.

Having access to computers means they can put into practice what they are learning from the blackboard and having a realistic idea of handling a computer.

The enthusiasm from the students has been amazing.

As we now have middle school room for students age 14 years they are finding the hands on use of a computer particularly useful.

### Please mention any specific books, subjects or computer programs received that have been most useful for students/learners

Use of the keyboard and basic operation of the keys and familiarization of computer technology.

We have electricity but no internet at the moment, but going forward we look forward to use the internet to further expand our knowledge for both teachers and students.

## IMPACT ON TEACHING

### How are teachers/staff given access to the books?

- Library access

### In what ways have the books/computers been useful for teachers/staff?

- Improved teaching planning and delivery
- Improved assessment of learners
- Improved staff attitudes

### Please describe how the books/computers have impacted teachers/staff subject knowledge, teaching performance, attitudes, learning environment etc.

It has made the job of teaching IT much easier to see and use as it brings blackboard learning into perspective.

**Please mention any specific books, subjects or computer programs that have been most useful for teachers/staff.**

We have electricity but no internet at the moment, however when we do it will be very useful to help plan lessons and gain subject knowledge, but for now to familiarize using the keyboard and to learn touch typing has been a learning curve for us.

## **IMPACT ON COMMUNITY**

**Please describe how the books/computers have impacted the community**

It has been difficult for the whole community to access the computers as they are locked in the library and at the moment it is only open during school hours. That said there are meeting to be arranged to see if a caretaker/keyholder from the community can open the library at weekends.

**Please describe where and how you normally acquire books/computers prior to finding out about Books2Africa**

There was no where in the area that had books and computers. In Accra several hours away there is an internet cafe, however very few if any people go into Accra due to the transport costs

**Are books/computers similar to ones you received available from your local book stores?**

No

**On average, how much do books similar to the ones you received cost to purchase in your country? (enter the equivalent price per book in £)**

£ 4.00

**On average, how much do computers similar to the ones you received cost to purchase in your country? (enter the equivalent price per book in £)**

£ 500.00

**Please provide any additional feedback or suggestions**

The figures above are very much a guess as books and computers are not freely available in this area
