29/03/2022

Number of books received

2,000

Number of computers received

25

Number of students/learners impacted

300

Organisation summary

Goodman's Academy (GMA) is a highly subsidized distinction-seeking and focused educational, learning, and development institution set up to provide capacity building. It runs, among others, bespoke Nursery, Primary and Secondary programmes. GMA operates a broad and balanced curriculum which is a blend of British and Nigerian curricula. Students are prepared for the following examinations: NECO and Rivers State BECE at Junior Academy. IGCSE, WAEC and NECO at Senior Academy. We also tutor and register them for IELTS, TOEFL, SAT, and GMAT. At GMA, we maintain a comprehensive directory for students searching for both undergraduate

and postgraduate programs in local and top-ranking international universities; and enrol them on their affordable programmes

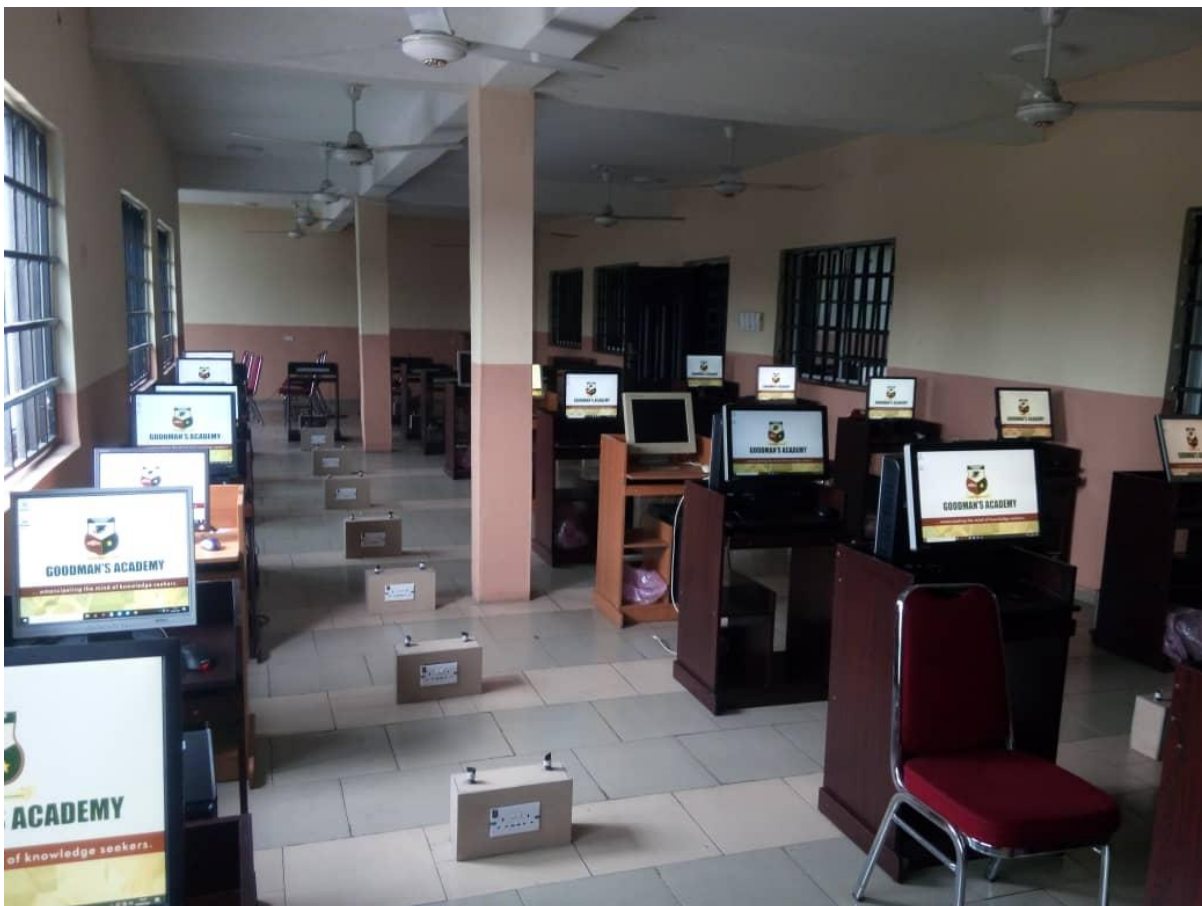

Impact Assessment Report

Over the years, GMA was faced with the challenges of providing a library and ICT centres for its pupils, students and staff to improve their academics. These challenges continued, not until Dr. Isokari Francis Ololo came to the rescue and provided a library centre with books; as well as an ICT centre with laptops and desktops donated by Books2Africa.

Today, our over 300 students could go to the library to study, and the ICT centre has offered the students the opportunity to learn ICT skills which will help them in their academic and life endeavours.
